

Systems Engineer

Motivation:

MZI is a fast-growing engineering firm focused on delivering solutions from concept to operationalization in systems engineering, enterprise architecture, and emerging technologies.

Our engineering solutions serve over 670 million Americans every year. Our motivation for this post is to onboard the most talented people to help us keep delivering and improving our solutions. Please, see our corporate values here: <https://www.mziaviation.com/working-at-mzi>

We are in the process of finalizing a few wins, and we are looking for exceptional candidates to help us deliver these solutions.

Position: Systems Engineer (Founding Member*)

Responsibilities:

- Provide support for all phases of system lifecycle development from concept to deployment and disposal (including system design, requirements, enterprise architecture, testing and validation, implementation, and development)
- Provide technical analysis of applications and technologies in an operational environment, such as high-level functional systems analysis, design, integration, documentation, and implementation advice on complex problems
- Perform research and development for emerging technologies through effective systems engineering processes
- Develop and manage stakeholders within a large organization to perform effective systems engineering tasks
- Deploy systems engineering principles and tools to design and deliver complex systems

Requirements:

- Minimum Education: BS degree (Computer Science, Engineering, or equivalent)
- Experience: 5+ (looking for all years of experience)
- Effective oral and writing capabilities
- Multidisciplinary skillset

Desired Qualifications:

- Past/current experience within government or government contracting
- The International Council on Systems Engineering (INCOSE) certifications such as CSEP and ESEP
- Project Management Institute (PMI) certifications such as PMP
- Willingness to work at a fast-growing small business (be part of the brand and grow with it)
- Management and leadership experience

Compensation and Benefits:

- Salary range: \$80k to \$180k (with founding member-exclusive perks - see note below)
- Health
- Dental
- 401K
- Federal holidays
- Flexible vacation
- Small-business flexible benefits

***Founding Member note:**

This is a Founding Member position. This means that the candidate that joins this position will be a critical founding member of the MZI family and DNA. This position will offer founding perks such as a deferred compensation plan, contract sign-on bonus, and many more to be discussed at the interview. Founding members are expected to participate in business matters to shape the culture and the brand of MZI all as one!

How to apply:

Please, go to <https://www.mziaviation.com/working-at-mzi> and submit your information on the form at the bottom of the page.

If this position does not fit your goals, please submit your resume to careers@mzisol.com and we make sure we find a position for you as our duty.
